ALUGOM

ALUGOM SERIE MATRA 110 / 135

Alugom's MATRA 135 RPT system is a sliding system designed to support heavy weights, and is therefore specifically indicated for the installation of large sashes. Available in configurations of 1, 2 and 3 rails, including the single-rail version with fixed leaf plus sliding leaf in the same structure. It offers in-line sliding or lift-and-slide closing options, with an angular design and a 50 mm central leaf profile that maximises the field of vision. The leaves can support up to 200 kg (in-line sliding) with adjustable tandem wheels and 400 kg (lift and slide). In addition, it allows different finishes and opening configurations, guaranteeing optimum thermal and acoustic insulation.

Possibility of choosing a colour from the range of standard colours.

External shutters in the same colour as the exterior carpentry, motorised and with hidden drawer on the inside.

Blinds will be installed in all the bedrooms of the house.

Recommended colour for this project: RAL 1019 Textured

CEILING LIGHT SPOTS

They are installed throughout the interior of the house according to the electrical plan of the project.
