

a benchmark company in the construction and development sector in North Costa Blanca, founded on values such as innovation and design but above all on the commitment to supplying its customers with quality residences and a comprehensive service from start to finish in the property purchase process. Our experience is one of our primary values, backed by a business track record stretching back over more than 20 years with the development of building apartments, residential complexes and the construction of villas, subsequently purchased by customers from all over the world. We are guided by the desire for excellence and the continued commitment to the goal of innovating and creating. We aim to consistently deliver to the highest possible standard. From systems to details and finishes, our multidisciplinary team has extensive experience and is dedicated to the success of each project. Each one of our villas is given personal thought and attention in order to become a unique, one of a kind residence. Our enthusiastic and motivated team cares deeply about delivering the best experience to all our clients and landlords by providing tailor made luxury at its best with a full range of services in the field of real estate. Grupo Turis Promociones belongs to the GPC Group. An exclusive developers group, focused on maximising opportunities for our brands and provide the best quality to our costumers.

A MEDITERRANEAN RETREAT IN LA FUSTERA

Located in the heart of the Northern Costa Blanca, in the exclusive area of La Fustera, Benissa Costa, Fanadix Residential is a collection of four single-family homes that blend the charm of Ibiza style with the elegance and comfort of Mediterranean architecture.

DESIGN & STYLE

Inspired by the bright and pristine aesthetics of Ibiza, these homes have been carefully designed to harmonize with their surroundings. Clean lines, cubic volumes, and natural materials such as wood and stone combine to create warm and timeless spaces. The lush vegetation surrounding the plots enhances the sense of privacy and well-being, turning each home into a tranquil oasis.

COMFORT & QUALITY

Each home is designed to offer an exceptional living experience. Open and functional spaces maximize natural light, fostering a seamless connection between indoor and outdoor areas. High-quality finishes and materials ensure a sophisticated and durable atmosphere, with meticulous attention to detail in every room.

PRIVILEGED LOCATION

Fanadix Residential enjoys a strategic location, just 10 minutes from Calpe, Moraira, and Benissa, providing access to all the services and amenities of the area. Additionally, La Fustera beach is just 1 kilometer away, offering immediate access to one of the most beautiful Mediterranean spots.

AN EXCEPTIONAL NATURAL ENVIRONMENT

Surrounded by nature and in a low-density area, this exclusive residential development offers a serene and relaxed atmosphere. While the homes do not have sea views, each plot is carefully designed to ensure privacy and allow residents to enjoy a lush, green environment.

THE PERFECT CHOICE

If you are looking for a home where architecture, design, and nature merge in perfect harmony, Fanadix Residential is the ideal choice. A contemporary retreat that captures the essence of the Mediterranean and offers an unparalleled quality of life.

Specifications and Materials

The following document details the materials, finishes, and specifications selected for the construction of the property. Each element has been carefully chosen to ensure the highest standards of quality, functionality, and aesthetics. From structural components to final interior finishes, every aspect reflects our commitment to excellence and timeless design.

Conditions for Material Selection and Modifications:

1. All materials and finishes specified in this document are included in the sale price of the project.
2. Any change in materials, whenever technically and logistically possible, must be requested and confirmed before the start of the construction works. Once construction has begun, no modifications will be accepted.
3. Any change not reflected in this specifications document will entail an additional cost, which will be assessed through a corresponding quotation. This quotation must be accepted and signed by the client prior to execution.
4. No discounts will be applied to the items included in the project if the client decides to replace them with other materials or elements, except in the following cases:

Changes to floor and wall tiles

Changes to bathroom furniture finishes

Changes to laminate finishes of kitchen units and wardrobes

Upgrades to appliances

Colour changes of indoor and outdoor carpentry, within the standard range

(For example, no deductions will be made for the lights and switches included in the project if the client decides to install different lamps)

5. In case the requested modifications require changes to the technical project or architectural plans, the client shall bear the additional cost for the revision and update of the affected drawings.

CERAMIC CLADDING AND COVERINGS
ACCESSORIES

Examples of the selected material, the client being able to select different finishes in the Saloni store (The ones in the store have as included in the budget), always before starting the construction of the house. Once construction has begun, materials cannot be changed.

Interior flooring.
The same flooring will be used in outdoor areas but it will be anti-slip.

Video intercom system for exterior door opening. Includes app for control from mobile phone or tablet.

* All materials must be chosen before starting construction. Once the construction has begun, nothing can be changed.

SECURITY

SECURITY SYSTEM

Your family is safe with AJAX SYSTEM alarm

All this can be achieved by a remote control via the application.

It includes 3 indoor sensors + Keyboard

Possibility of extending areas (extra)

Possibility of installing security cameras (extra)

CLIMATISATION

HEATING & HOT WATER

Heating and DHW by aerothermal energy efficiency system in compliance with the CTE. Ducted air conditioning with built-in machine. This system provides the perfect combination of underfloor heating and ducted air conditioning.

Underfloor heating:

- 2 collector boxes (1 per floor)
- Through hot water pipes

Heat pump Baxi PLATINUM BC Plus Monobloc 2 10 MR, monobloc outdoor unit, single-phase, power 10 kW, 8600 cooling capacity, COP 4.95, EER 4.55 and energy efficiency A+++.

DHW storage tank with a capacity of 200 litres and 1.81 m² of exchange surface. Energy class C. Floor-standing installation.

AIR CONDITIONING

Ducted air conditioning with built-in machine.

- Installation of ducts upstairs and downstairs
- Air conditioning machine by floor

VENTILATION SYSTEM

Ventilation system of the house with mechanical extraction of the interior air through ducts from the kitchen and bathrooms to the chimney on the roof.

SWIMMING POOL & IRRIGATION SYSTEM

SWIMMING POOL EXAMPLE

Swimming pool mosaic - to choose from the catalogue - misty colours. You have to choose the colour before starting the construction of the house.

ASTRALPOOL Victoria Plus
1 x swimming pool filtration pump

SWIMMING POOL FILTRATION SYSTEM
ASTRALPOOL ICE D.750

RAIN BIRD IRRIGATION PROGRAMMER
- 3 zones
- motorised solenoid valves

The project does not include any garden areas or plants.

Outdoor swimming pool shower:
Only cold water.
