LOCATION

LIVE THE MEDITERRANEAN DREAM IN MARBELLA

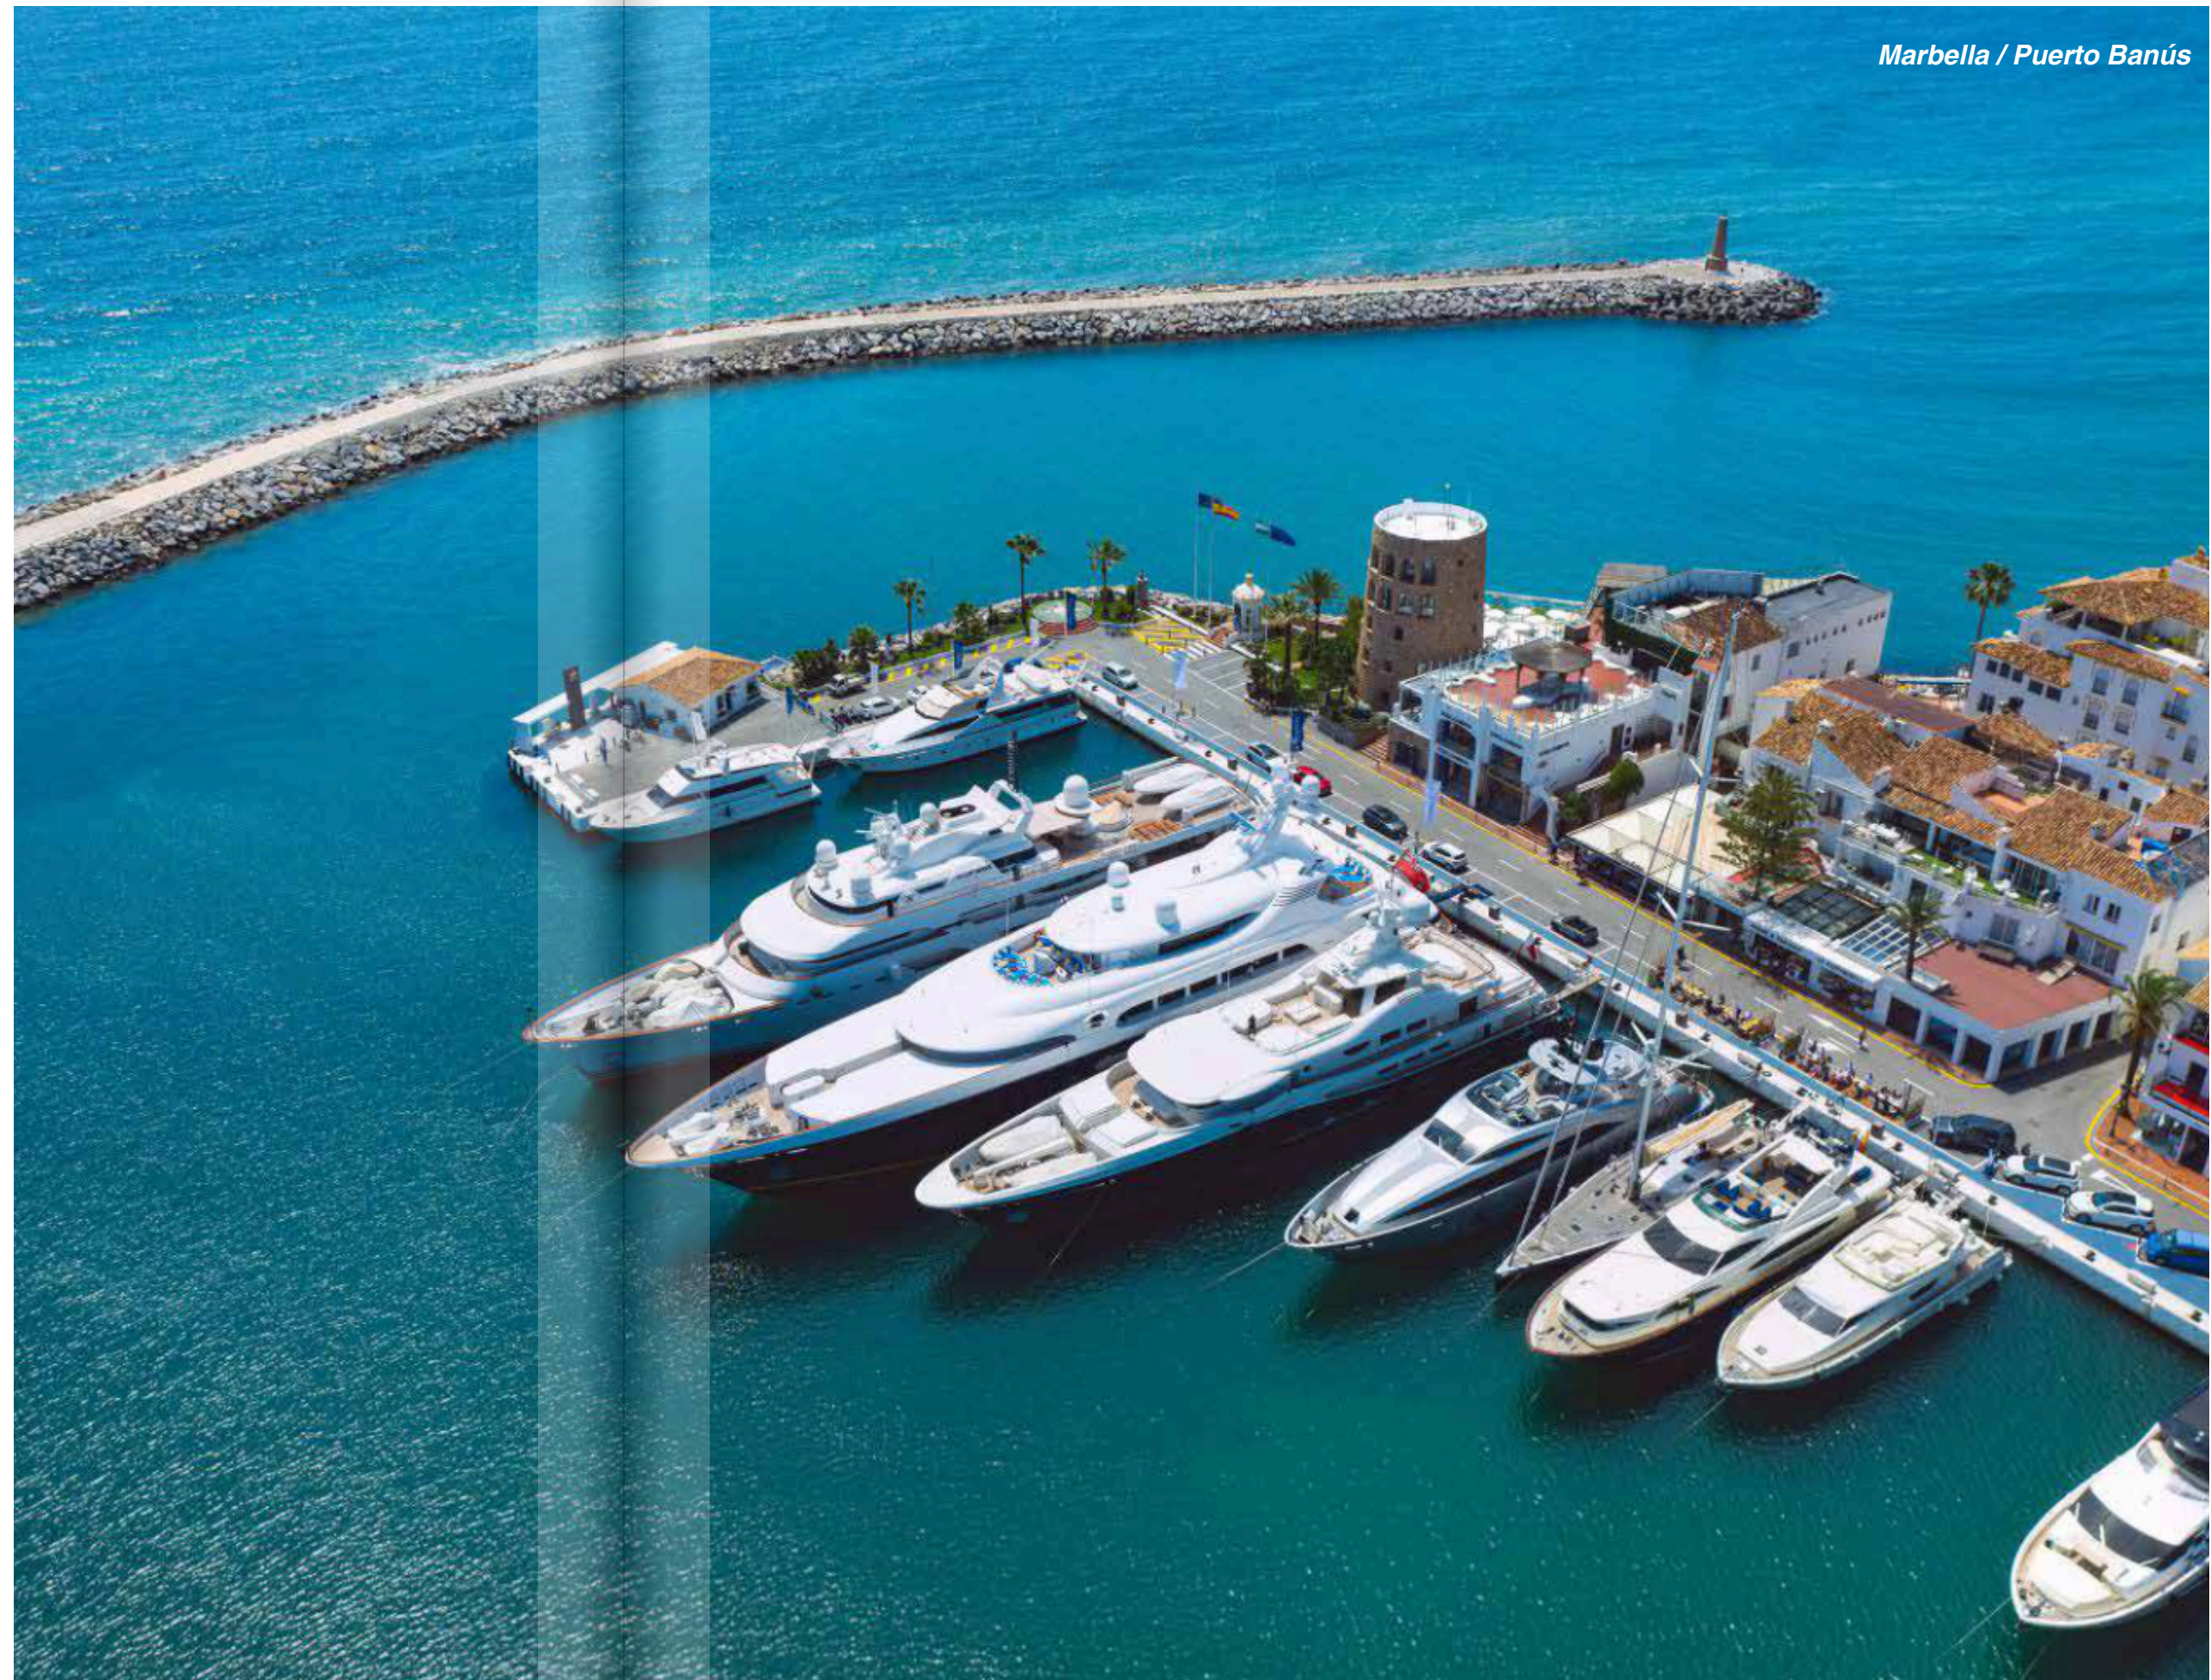

Living in Marbella means enjoying a privileged setting with year-round sunshine, spectacular beaches, and an exceptional lifestyle

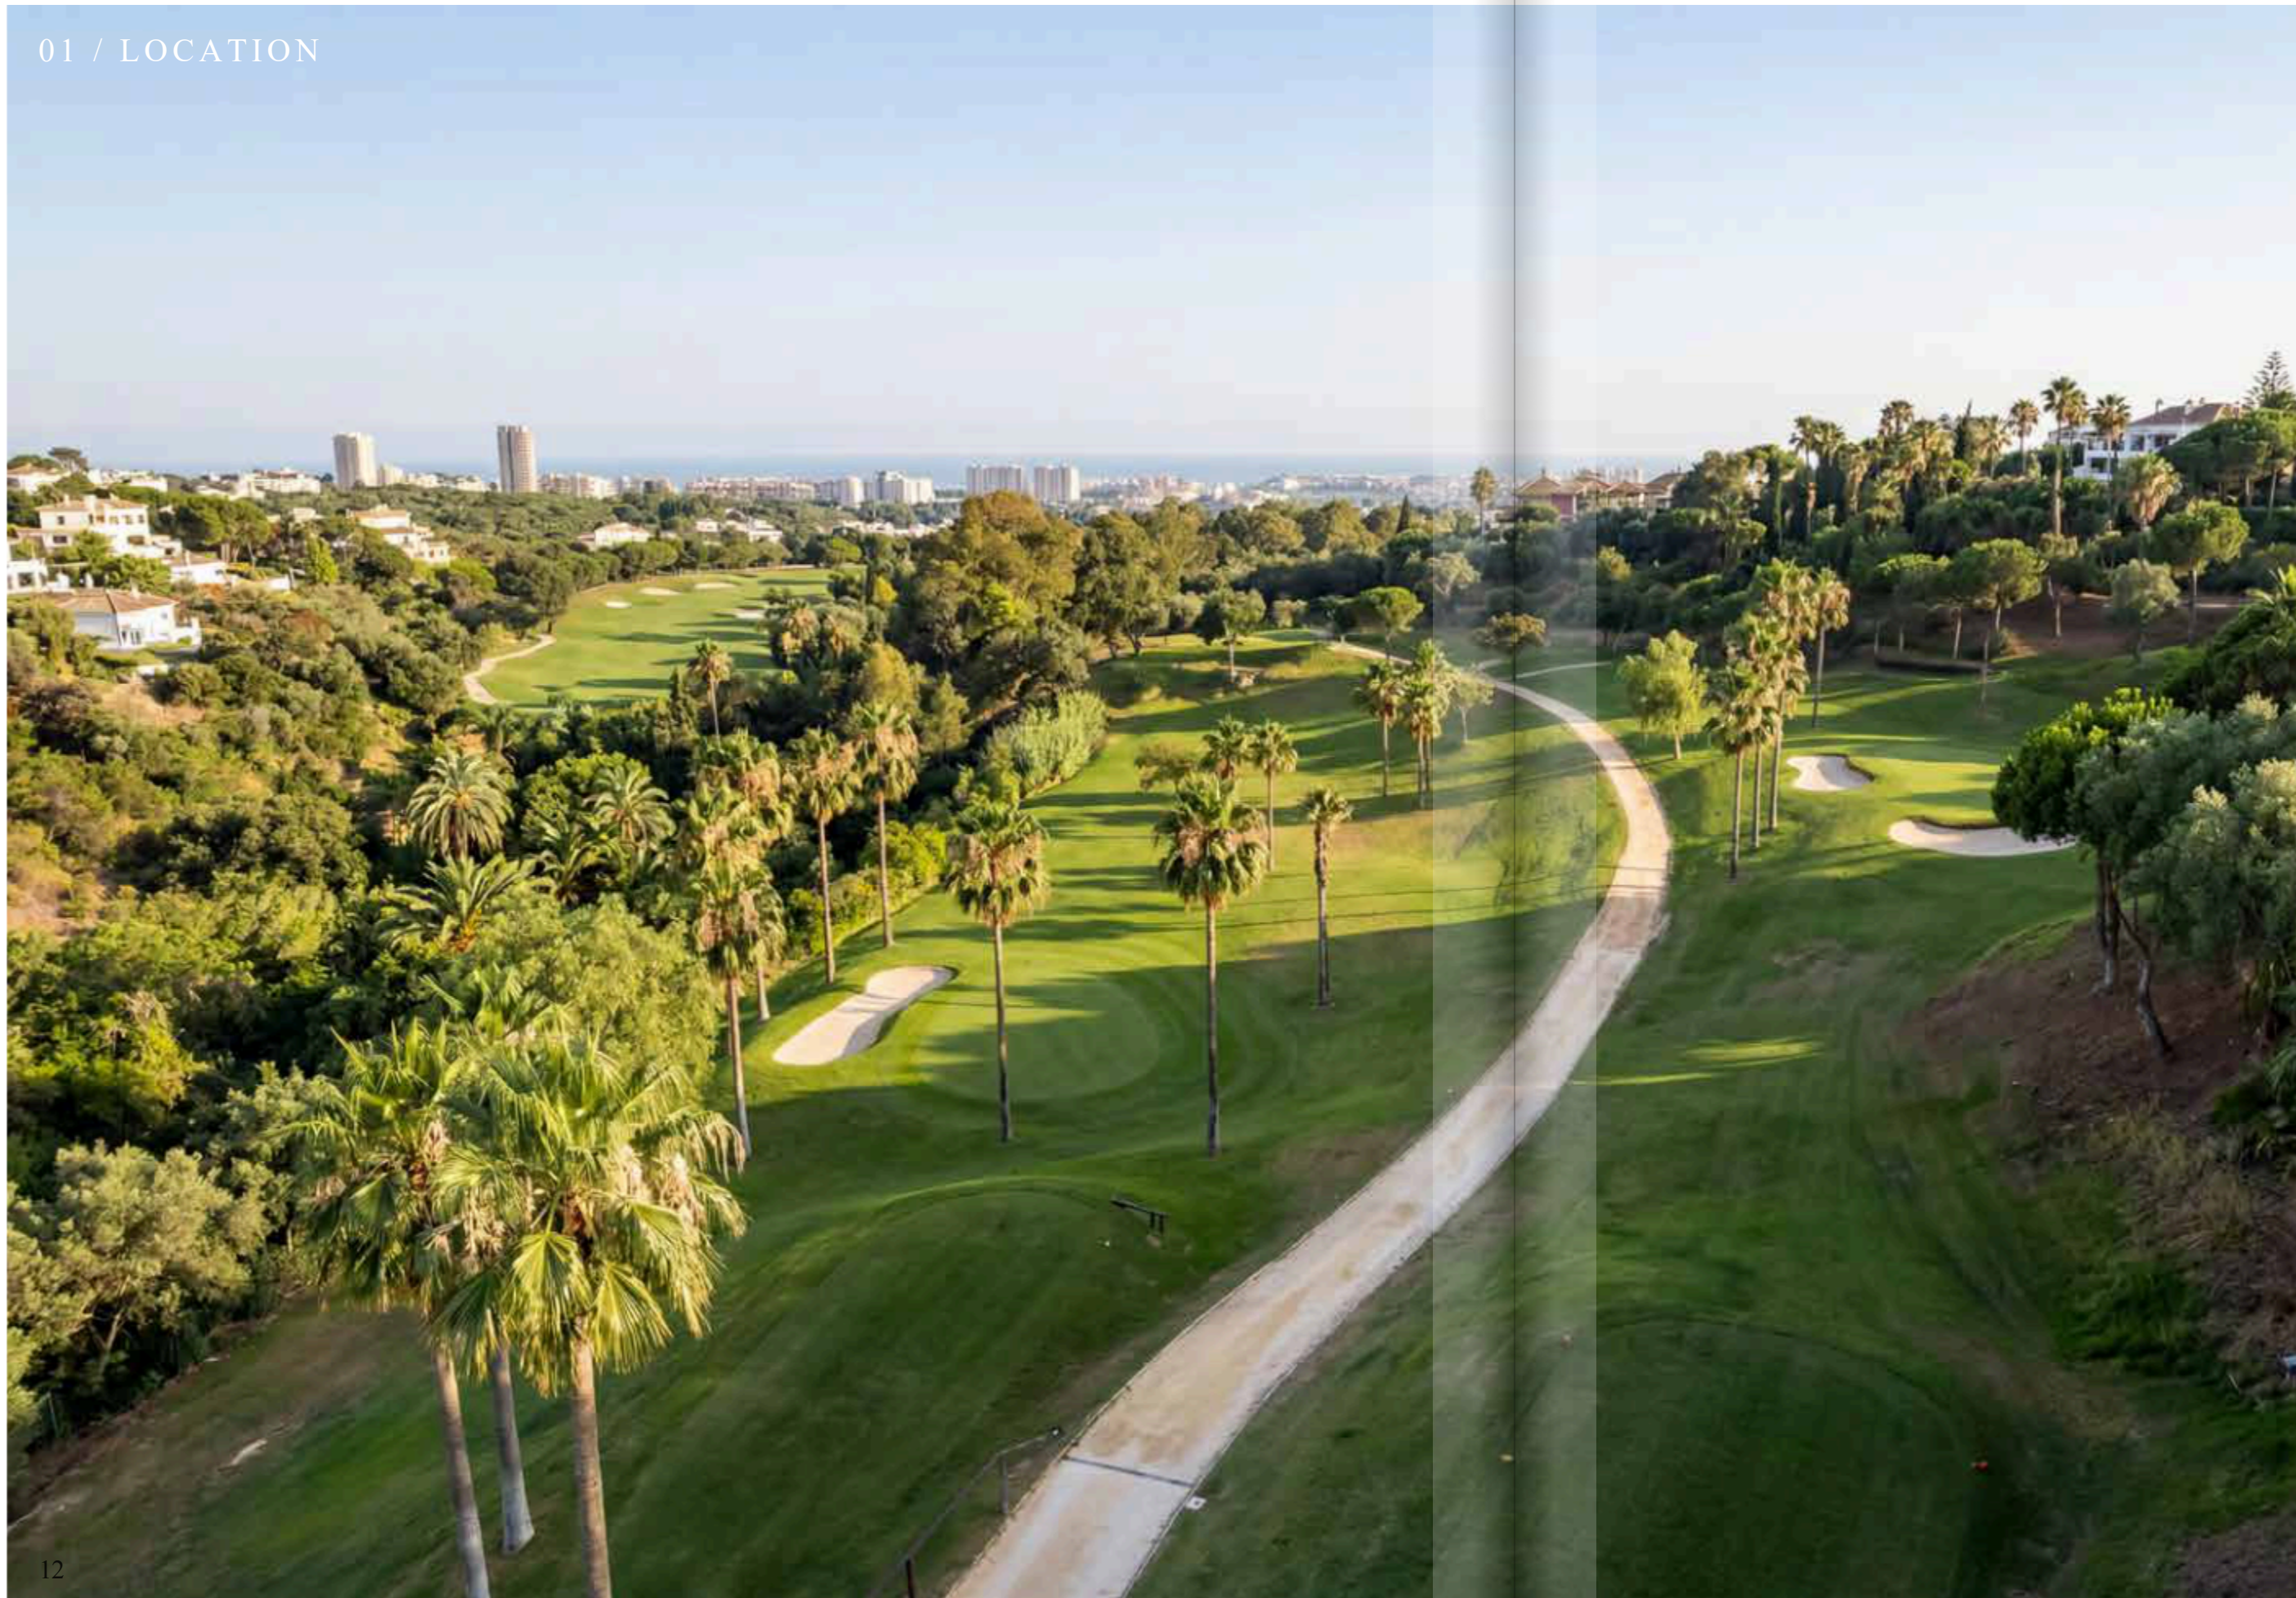

Marbella embodies quality of life

Between the Mediterranean and the Sierra Blanca mountains, and just minutes from Malaga International Airport, it offers a unique natural environment with excellent connectivity.

With over 300 days of sunshine a year, mild winter temperatures, and a cosmopolitan atmosphere, Marbella is ideal for enjoying golf courses, marinas, beach clubs, natural spaces, and first-class services, from international schools and private clinics to wellness centers and fine dining.

Marbella / Puerto Banús

ZEW is located in Elviria West, a rapidly growing area in eastern Marbella

Surrounded by nature, open views, and a peaceful green environment, while staying close to Marbella's full range of services, shops, and leisure.

The area is home to prestigious golf courses, renowned restaurants, and exclusive hotels, making it one of the most attractive lifestyle destinations in eastern Marbella.

PROJECT

EVERYTHING IS CONNECTED

An exclusive residential complex offering spacious 2, 3, and 4-bedroom residences, including elegant penthouses with private solariums and refined garden villas.

ZEW offers a lifestyle that combines comfort and functionality, with bright rooms that make the most of natural light, and spaces designed to enjoy tranquility and the surroundings.

Surrounded by nature

At ZEW, the natural environment takes center stage.

Located in an elevated area of Elviria West, the project enjoys open views of the mountains and the sea on the horizon.

A peaceful place where you can enjoy the landscape every day thanks to an architecture that opens up to the outside.

Bright and Spacious Living Spaces

The architecture of each home prioritizes natural light and a feeling of spaciousness.

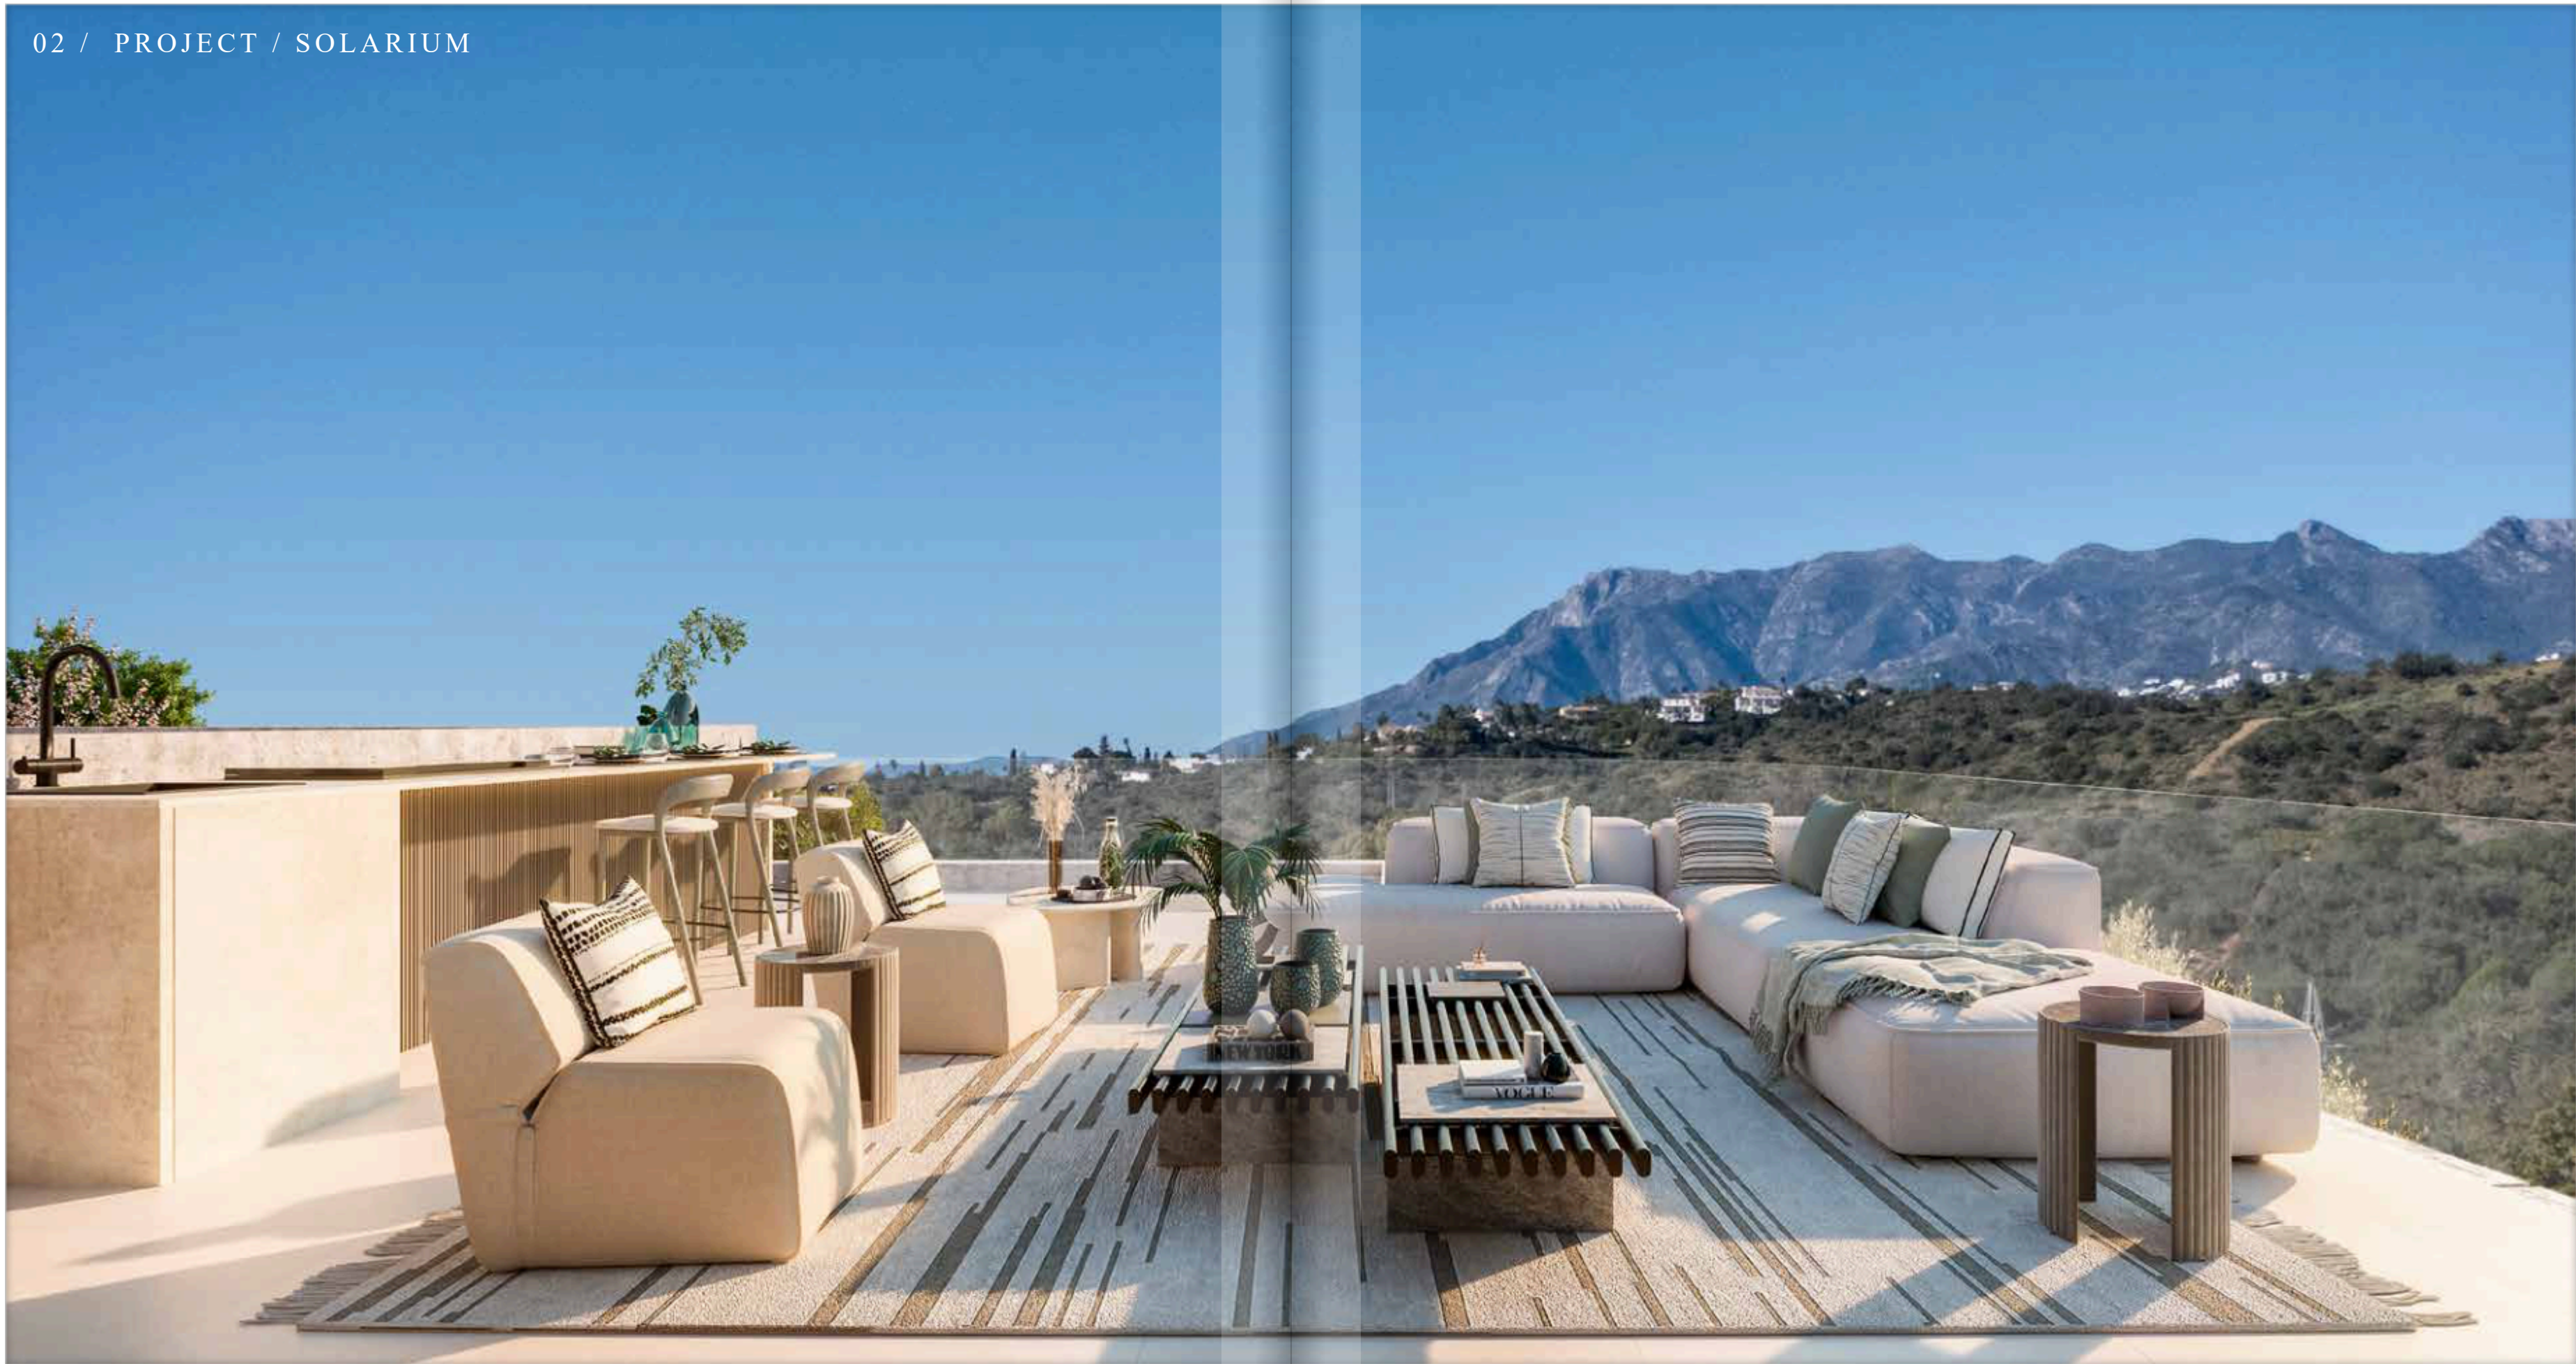

Large windows, open layouts, and careful orientation allow you to enjoy comfortable and bright spaces at any time of day.

03 COMMON AREAS

SPACES TO SHARE AND ENJOY

COMMON AREAS EXCLUSIVELY FOR RESIDENTS

01

POOLS

There will be three outdoor swimming pools for adults, two for children, and one heated indoor pool.

QUALITIES

HIGHEST QUALITY FINISHES AND MATERIALS

QUALITIES

ZEW stands out for its contemporary design, functionality, and high-quality materials selected.

The homes have been designed with energy efficiency and sustainability in mind.

Large windows and orientations that take advantage of the light and views.

The design of each home stands out for its elegance and modernity.

Durable materials and quality finishes in every room.

Materials and finishes

Each home has been built with high-end materials and elegant finishes.

A selection that brings sophistication and durability.

Kitchens

Open-plan kitchens with a contemporary design, bright and functional, with high-quality finishes that create the perfect environment for cooking and sharing with family and friends.

Connected to the outdoors

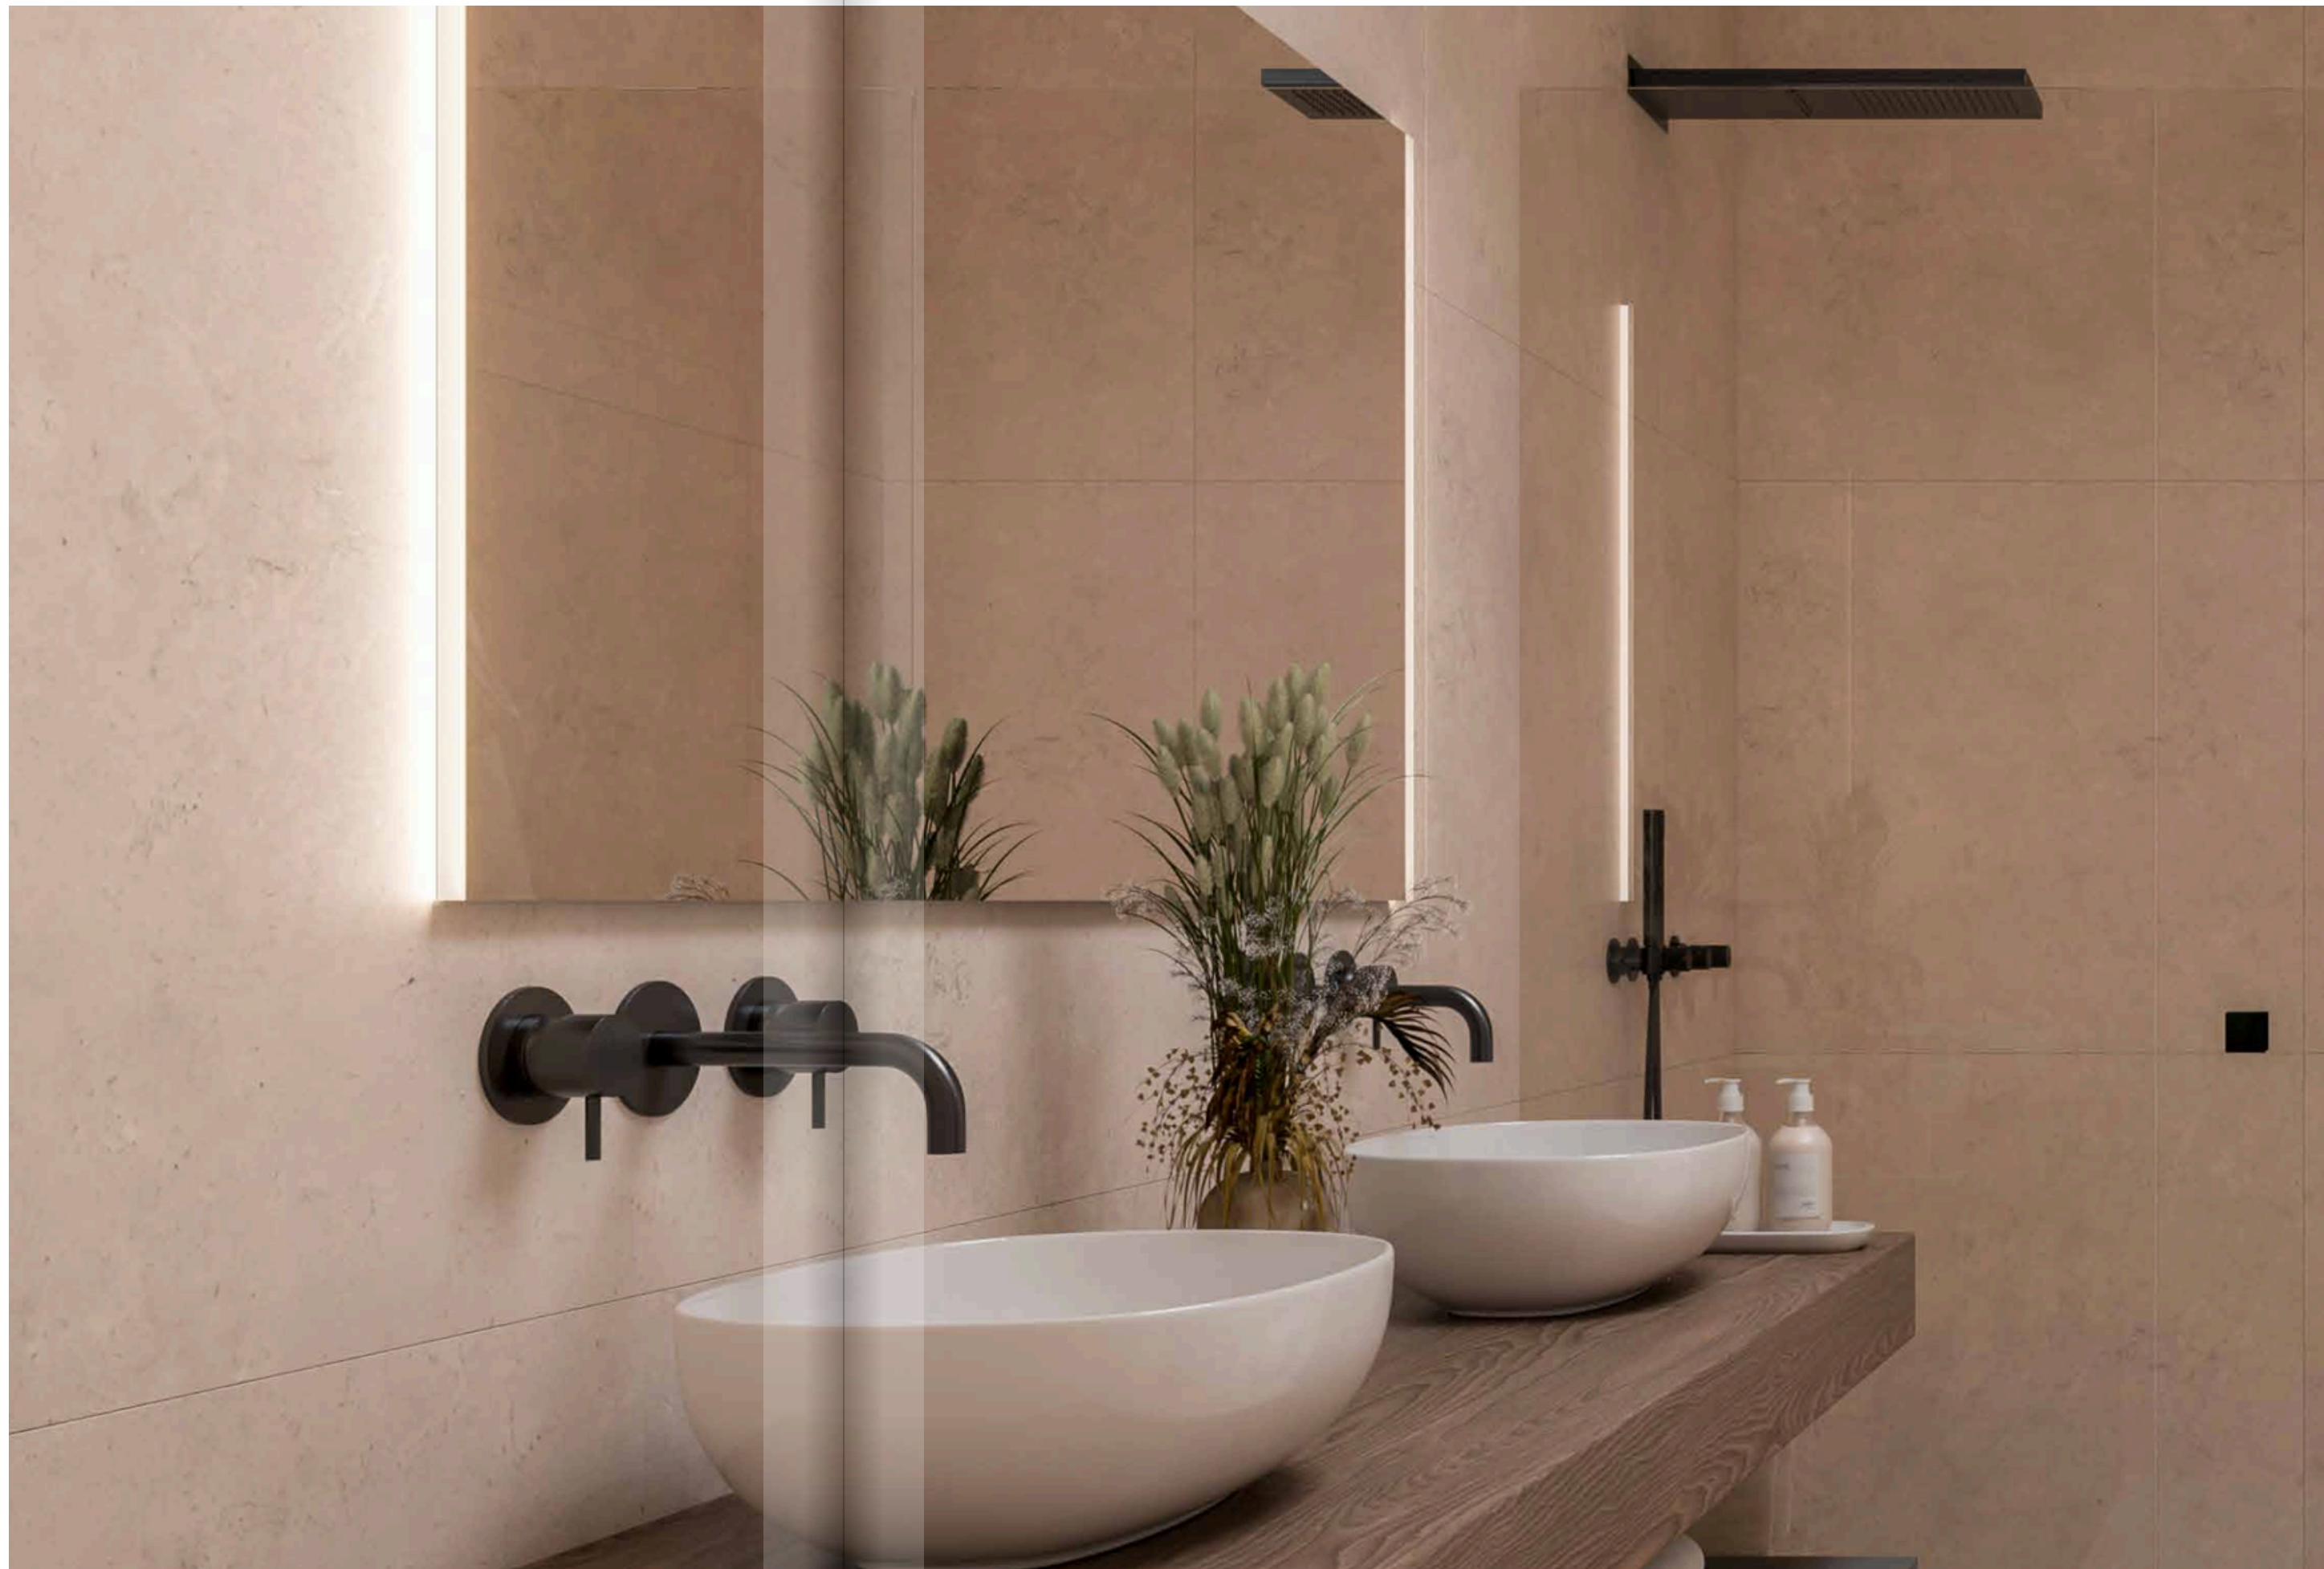

Designed to maximise space and connection with the surroundings, each residence features expansive private terraces that seamlessly extend the living area into the landscape, offering open views and a continuous sense of flow.

Floor-to-ceiling windows invite an abundance of natural light, enhancing the feeling of openness and effortless indoor-outdoor living.

Comfort and sustainability

The homes have been designed under strict criteria of energy efficiency and sustainability.

The thermal insulation, orientation, and construction systems used guarantee optimal comfort throughout the year, with a lower environmental impact and a higher quality of life.

05

DESIGN

THE REASON WHY

Designed by: Ismael Mérida Architects

The project was designed by renowned architect Ismael Mérida, one of the most prestigious names in architecture on the Costa del Sol.

His unmistakable style is characterized by clean lines, the fusion of interior and exterior spaces, and the integration of architecture into the natural environment.

Mérida has created an architectural concept for ZEW that exudes balance, functionality, and timeless beauty, reflecting the Zen philosophy in every detail.
