

## A SUSTAINABLE HOME

In El Vergel, a few metres from La Almadraba beach and just a few kilometres from Dénia, you'll find a residential complex project with a vision: **to be a sustainable, healthy and respectful community.**

**Sensory gardens** with native species

Areas perfect **for exercising**

Open spaces **for yoga**

**Community orchards** to promote self-sustainability

**Charging points** for electric bikes

**Self-consumption energy**

**Swimming pools** throughout the complex

## A DOORWAY TO THE SEA

**Social club on the waterfront** so all Talasa residents have easy access to the beach and can enjoy all the facilities of this communal area.

Space **for events**

Bicycle **parking**

**Storage space**

Showers and **changing rooms**

Communal **swimming pool**
